IT BT Minister Karnataka

Strategic Skilling Partnership Proposal

Krish Naik Academy & Nipuna Karnataka Scheme

I am writing to present our proposal for a strategic skilling partnership between Krish Naik Academy (KrishAI Technologies Pvt. Ltd.) and the Nipuna Karnataka Scheme, aimed at transforming Karnataka into India's AI Talent Engine.

As a proud native of Gulbarga, Karnataka, my journey in AI began in 2017, overcoming resource constraints to build one of the world's largest AI and Data Science learning communities, now with over 1.5 million learners trained across 180+ countries and 60,000+ successful career transitions. Our mission is to make AI & Data Science education accessible, affordable, and industry-aligned, ensuring every learner, regardless of location, has a pathway to global technology careers.

Our proposal aligns directly with Nipuna Karnataka's vision of skilling 1 crore youth by 2030, focusing on:

- **Comprehensive AI & Data Skilling** – Industry-aligned training tracks including Data Analyst, Data Scientist, GenAI Developer, AI Engineer (MLOps), and Big Data Engineer.
- **Placement-Focused Learning** – Leveraging our AI Mock Interview Platform, structured hiring network, and measurable KPIs to ensure employability.
- **Rural & Inclusive Outreach** – Hybrid delivery in Kannada + English, targeting Tier-2/3 districts and underrepresented groups.
- **Faculty Enablement** – Train-the-Trainer programs for government institution educators to create a self-sustaining AI talent ecosystem.

By combining our proven expertise in large-scale, outcome-driven AI skilling with the Government of Karnataka's vision, we can build a future-ready workforce, strengthen Karnataka's leadership in technology, and make the state a national lighthouse for AI skills development.

We are excited about the possibility of contributing to this transformative journey and look forward to discussing how we can work together to achieve the ambitious goals of the Nipuna Karnataka Scheme.

Thank you for your time and consideration.

Warm regards,

Krish Naik
